I have valuable experience in translation, interpretation and teaching carried out in the languages.

I work with: English, French, Portuguese, and Spanish - my mother tongue.

I have mastered three languages at a native level: English and Spanish - my mother tongue. I also master Portuguese at an advanced level. I hold the top qualification granted by the University of Cambridge as stated in the CPE (Certificate of Proficiency in English), as well as the ECPE (Examination for the Certificate of Proficiency in English) by the University of Michigan. Besides, I had the opportunity to pass an internship at CAVILAM (Centre d'Approches Vivantes des Langues et des Médias) in Vichy, France while I had already achieved the DALF C1 (Diplôme Approfondi de Langue Française) for the French language, granted by the French Ministry of National Education. I have reached the advanced level in Portuguese granted by the Cultural Center of the Portuguese Language and I am currently a candidate for the CELPE-BRAS (Certificado de Proficiência em Língua Portuguesa para Estrangeiros).
